

# GENERAL BUSINESS ASSOCIATE OF APPLIED SCIENCE DEGREE

☐ Offered Online

The AAS in General Business establishes a successful foundation of core business concepts while allowing students to explore a wide variety of business topics. Coursework is designed to enhance business skills and student employability in the work place. This program equips future and current business owners with the practical skills and hands-on ability to start, and run, a small business.

See our website at [www.msbillings.edu/careers](http://www.msbillings.edu/careers) (<http://www.msbillings.edu/careers/>) for graduate data.

## Program Learning Outcomes

Upon successful completion of this program, students will be able to:

- Analyze and evaluate marketing concepts and principles.
- Apply the management functions: planning, organizing, leading, and controlling.
- Analyze the sales process and effective strategies in customer service techniques.
- Explain the role of business leadership and the relevance of corporate social responsibility.
- Utilize management, marketing, and accounting strategies to design a business plan.
