HEALTH ADMINISTRATION
BACHELOR OF SCIENCE
DEGREE

Offered Online

All students must successfully complete a background check prior to HADM 498.

Health Administration Internships
The Bachelor of Science in Health Administration requires an internship in which students observe and participate in the field of health administration. The purpose of the internship is for the health manager-in-training to apply the conceptual foundation and competencies learned in the classroom and develop skills in areas such as communications, critical thinking, management and leadership, and professionalism.

Program Graduation Requirements
In order to graduate with a Bachelor of Science in Health Administration, students are required to earn a grade of C- or better in all required courses.

Health Administration students whose cumulative GPA falls below 2.5 will be counseled about raising their grades or choosing another major, and will be unable to continue in the program until their cumulative GPA is 2.5 or better.

Program Learning Outcomes
Upon successful completion of this program, students will be able to:

• Understand the role of delivery systems within the health care industry.
• Describe the components of leadership and management in health care organizations.
• Explore the utilization of technology within health care.
• Analyze the impact that ethical, legal, and regulatory considerations have on various aspects of the management and operations of healthcare organizations.
• Analyze how various forms of healthcare data and research affect the decision-making process of a health administrator.

Electives ⁰ 0-16

The total number of elective credits required for the degree will be determined by the number of courses a student elects to take which fulfill the General Education requirements, the major requirements, and required track. Electives should be chosen in consultation with an academic advisor.

Total Minimum Credits 120

* May satisfy General Education requirements.

1 Ten credits, including a 4 credit math course, count in both Health Administration requirements and General Education requirements.
This track will also fulfill the requirements for a Business Minor.

**Suggested Plan of Study**

This sample schedule is a suggested plan for students to follow in completing the Bachelor of Science in Health Administration degree program. Due to course availability, schedule changes and staff assignments, students may not be able to follow this suggested plan exactly. Students should consult with their advisor to plan classes before registering each term. Students are expected to work with their advisors to develop a plan of study specific to their needs and interests.
