## Advising Information

Students are strongly encouraged to meet with their advisor early each semester or prior to the semester they are planning to attend to confirm that their Advising Worksheet is accurate and complete. If necessary, changes and updates should be made in order to ensure that program requirements can be completed in a timely manner. Faculty advisors work with students to explore appropriate internships, cooperative education placements, and/or experiential learning opportunities that will enhance the student's academic program. In addition, advisors provide assistance in selecting elective courses that support the student's interests, career plans, and Advising Worksheets.

Academic advising services for all freshman Liberal Arts and Social Sciences majors are provided the Advising Center on McMullen Hall first floor west. Upon declaring a specific major, Liberal Arts and Social Sciences majors will be assigned to a faculty advisor in their department for upper-division advising. Advising files for all upper-division students are maintained in the departmental office of the program in which the student is majoring. Although advisors are available to assist students in designing their Advising Worksheets, students are ultimately responsible for meeting degree requirements.
