

MSU BILLINGS ONLINE

www.msbillings.edu/msubonline (<http://www.msbillings.edu/msubonline/>)

We are pleased to be able to offer you an opportunity to take college courses via the internet as a way of overcoming barriers of time and place. Our students have told us that they need the ability to fulfill their academic goals in an environment that affords them "freedom and flexibility, comfort and convenience and more time for work and family." By combining our commitment to "Access and Excellence" with the technology that allows you to "Learn Online... Anywhere... Anytime," this program ensures that you can achieve your personal, professional and academic goals while not having to sacrifice the other things that are important in your life.

Health Career Pathways

2+2 Online Degree Completion Program

Bachelor of Applied Science with thematic concentration in Healthcare Administration

This program provides individuals who have earned an associate of applied science degree in radiologic technology; paramedic; computer/desktop support, programming, or systems the opportunity to complete an interdisciplinary bachelor's degree. This program has been strategically designed to prepare graduates for success in leadership roles in healthcare administration.

Montana State University Billings will work with your college or institution, enabling you to seamlessly transfer credits you have earned in your completed associate of applied science degree toward completion of an interdisciplinary bachelor's degree.

This unique program provides working adults with an opportunity to earn a bachelor's degree while still enjoying freedom and flexibility and more time for work and family. Students admitted to this program should complete the bachelor's degree within two years, via fully online courses.

Healthcare Administration Concentration (33 credits)

Code	Title	Credits
BMGT 335	Management & Organization	3
BMKT 325	Principles of Marketing	3
