

PRE-NURSING

Advising Center, McMullen First Floor West
(406) 657-2240

The Pre-Nursing curriculum at MSU Billings is designed in conjunction with the College of Nursing at Montana State University Bozeman. This two year pre-nursing program fulfills the basic undergraduate General Education requirements and the College of Nursing requirements, **with the exception of one lower division nursing course**. This course is available online through MSU Bozeman.

Upper Division placement is competitive and based on a holistic application which uses a "selected" Grade Point Average (GPA) calculation, experiences, and other attributes. Due to occasional changes in the curriculum, it is essential to contact the pre-nursing advisor before course selection.

Students interested in details of the complete MSU Bozeman program may write directly to MSU Bozeman College of Nursing or contact the director at the Billings campus of the MSU Bozeman College of Nursing located on the MSU Billings campus, Apsaruke Hall 121, 657-1770.

Students are reminded that Practical Nursing and Registered Nurse programs are available at City College at MSU Billings. The Director of Nursing may be reached at (406) 247-3000.
